## Volunteer

Hawthorne Volunteer since 2017

Days of the week: Thursday

### **What motivated you to Volunteer at The Hawthorne?**

Having had my own cancer experience motivated me to want to give back. And I love to help!

### **What do you enjoy most about volunteering?**

I just love volunteering! It helps me and it helps the patient. I love helping women find the right wig. I love making the center look nice for support groups and talking to the patients and or family members.

### **What situation has touched the most?**

There are too many to mention.... I love them all!
