## Volunteer

Hawthorne Volunteer since 2014

Days of the week: Wednesday

### **What motivated you to Volunteer at The Hawthorne?**

I did not know about The Hawthorne until 2 women in my YOGA class asked me to volunteer. I wanted to be of service to those suffering from or recovering from cancer. I was delighted to learn about The Hawthorne. I was in treatment at the time for breast cancer (double mastectomy) and wanted to help others going through treatment.

### **What do you enjoy most about volunteering?**

I enjoy the people. The volunteers I work with and the patients are such a joy and inspiration. I enjoy the camaraderie among the people who share goals.

### **What situation has touched the most?**

The young single women and young mothers with cancer who are in early recovery or just diagnosed. I hope I can be of service to them with a warm hug, a smile, or just listening. Anytime I can help a patient, anytime someone feels better because of a wig we can provide or the food we can give or just letting them talk and share. It's all good

And lastly but not least it's you, Robin. You are a hero to me and everyone who knows you. We all love and admire you.
