Days of the week: Monday

What motivated you to Volunteer at The Hawthorne?

I was looking for volunteer work and asked my neighbor about the Hawthorne. She invited me to come in and see what it was all about.

What do you enjoy most about volunteering?

I enjoy the interaction with all the people and try to bring some comfort and empathy to them. I also really like it if I can provide them with some positive help. (via information and resources.)

What situation has touched the most?

Several things come to mind: The 2 young mothers dealing with their illness & little children at the same time. Trying to be there for an older mother dealing with her daughter's death. Meeting someone for the 1st time who was so ill and frightened and then seeing a transformation to a more positive attitude, recovering and getting strong again.
